

NATIONAL WEBINAR

Crosstalk between Ethnobotany and Immunology: A fight against COVID-19

5th June, 2020. Time: 10.30 AM to 12.30 PM IST

Chairperson

DR. AMIT KR. DE
Principal
Prabhat Kumar College, Contai

Resource Persons

DR. KUMARI SUNITA
Department of Botany
DDU Gorakhpur University
Gorakhpur, Uttar Pradesh
Specialization: Plant Physiology, PGPR
and Ethnobotany

Dr. TANUSHREE TULSIAN SAMANTA
Department of Physiology
Raja N L Khan Women's College, West Bengal
Specialization: Immunology and Microbiology

Organized By

**Department of Botany
&**

Department of Physiology

in association with

IQAC,

**Prabhat Kumar College, Contai
West Bengal, 721404, INDIA**

Theme of the Webinar:

The novel coronavirus (COVID-19) disease emerged in December 2019. COVID-19 is achieved the pandemic status, therefore an urgent need for the world to take joint action to prevent COVID-19 globally. The high communicable property of coronavirus makes it more dangerous and mysterious. The immune power of human body is playing a curtail role in COVID-19 outbreak. This webinar may enlighten us about the immunological aspects of COVID-19 and its probable protective measures on ethnobotanical aspect.
