To

Dr. Amit Kumar De

Principal,

Prabhat Kumar college,

Contai, Purba mdinipur-721404.

Sub.-: Arsenic Detection in drinking water in the wards of Contain Municipality

Dear Sir,

With reference to your letter No.PKC/16/SBWS/153 (a), dated 08.01.2016, the undersigned is pleased to inform you that we have the experts for the detection of Arsenic in drinking water and organizing Awareness camps for Arsenicosis. We have been rendering these services in the arsenic affected villages of 9 districts of West Bengal for the last 10 years. As per your written request, we on behalf of Swasthya Bhabna Welfare Society will provide the experts for performing the tests for detection of Arsenic in drinking water and will assist your students for getting the practical training from our experts. You are requested to collect the water samples from the different wards of Contai Municipality with proper procedure and adequate leveling.

In this backdrop, we also assure you to provide the testing kits for the said detection procedures to be done by the trained students of your college for the next five years for the sustensibility of the project works framed by your college.

With regards

Pradip Kumar Das
