

Two days workshop on Bioinformatics from basic to advance:

From March 11-2, 2022, a workshop on Bioinformatics from basic to advance was organized by the Dept. of Botany and Dept. of Computer Science and Applications, P. K. College, Contai. Dr. Keya Sau and Mrs. Ahana Bhaduri, Haldia Institute of Technology, Haldia, WB were the invited resource persons for the above-said workshop. It was a very successful one and many of the students from different departments, faculty members, and other professors were present during this workshop.
